

*“Head ‘Em Up And Moo-ve ‘Em Out”
Directions 2005 • Greenwood Inn • October 26, 2004*

Have you registered for the Pacific Northwest’s biggest MAS 90 / MAS 200 End User Conference of the year? The Bennett/Porter End User Conference will be held at the Greenwood Inn in Beaverton on Tuesday October 26th, from 8:00 a.m. until 1:00 p.m., with registration and continental breakfast starting at 7:30 a.m.

Based on input from you, we’ve lassoed 8 different breakout sessions this year with a range of topics from filtering Spam out of your network to Tips and Tricks for Core Accounting (the most popular session in past End User Conferences). We’ll have tips for Crystal Report writing, new things you can accomplish with Custom Office, and we’ll have a breakout session specifically showing the new Level 4.05 Job Cost, Accounts Payable and Payroll enhancements. Wireless technology is gaining ground so we’ll be showing some of the latest wireless equipment; we’ll be giving FRx demonstrations; we’ll show you what you can do with your Fixed Assets; and we even have a session on MAS 500 if you’re thinking you might be outgrowing your MAS90. Shucks, we’ll even be showing the Paperless Office Enhancements in the General Session, along with the Business Insights Reporter built into Level 4.0.

If you haven’t received your registration packet, visit our website at www.benpor.com and follow the links to print the registration form. Or, call us and we’ll fax a form to you. Saddle up, stop horsing around, and register today!
